

Using Downtown as a "living laboratory," our cutting-edge Optional program prepares students for the modern world.

Our students learn from local politicians, professors, doctors, architects and business leaders who work Downtown and partner with our school. Our students are using state-of-the-art technology every day in our classrooms.

Points of Pride

- We are a Reward school for being in the Top 5 percent of TN schools for student growth.
- We received the state's top student growth rating (Level 5).
- We are a National Jr. Beta Club School of Distinction.
- We are a Let's Move! Active Schools national awardee.
- Many of our students go on to be top performers in middle and high school and gain acceptance into top colleges and universities.
- Most of our teachers have advanced degrees and four are National Board Certified.

Academics

- Our Optional curriculum is designed to maximize learning experiences, enhancing the academic and social development of our students.
- C.L.U.E. is available for eligible students.
- Optional students attend enriched classes in language arts, social studies, math and science.
- Optional classes feature challenging and creative activities that require students to utilize higher-level thinking skills.

Activities

- ENCORE classes include Orff music, art, computer technology, physical education and orchestra.
- We offer before-/after-school care, Spanish, Taekwondo, dance, soccer, piano, basketball and architecture.
- Our partners provide tutoring, mentoring, sponsor clubs, etc.
- Partners include The University of Memphis Law School, UT Medical School and others. Students are able to explore law, engineering, economics and many other topics.
